Subject: Ray Moody

Gentlemen:

Ray Moody has been applying his knowledge in our work environment as a UofL Co-op Student since January of this year. He has developed at an accelerated pace, taking on independent assignments such as perfecting our Overseas Private Investment Corporation insurance application with agents in Washington D.C. and composing correspondence to our African partners in Ghana, West Africa. We rate him as a No.1 Co-op performer.

Ray is bright and ambitious. We greatly admire his work and thank you for affording us an opportunity to share in his learning.

Cordially,

Nathaniel E. Green

CEO
